

WorldCare ACCESS

Remote second opinions

Medical decisions can be overwhelming. When faced with surgery or a serious medical condition, how can you be confident you're making the most informed decision?

Worldcare can help

WorldCare ACCESS service arranges to confirm your diagnosis, provide treatment recommendations and answer your questions. Remote second opinions are completed by teams of specialists at WorldCare Consortium® hospitals and delivered directly to you and your doctor along with the information needed to make informed decisions with greater confidence.

How it works

The WorldCare ACCESS service is here for you when you need it most. It's a simple three-step process:

- Step 1** Call WorldCare to initiate service.
- Step 2** WorldCare works with you and your doctor(s) to gather medical records and send them to the medical institutions best suited to review your case.
- Step 3** The specialists review your records and diagnostic material and provide an independent second opinion to you and your doctor.

"Thank you so much. We valued the second opinion as it has given us a better picture of the so far unexpected future."

- WorldCare Member

For more than 22 years we have been committed to improving the quality of health care worldwide by maximizing timely, efficient and strategic access to the world's best health care. We have leveraged our award-winning capabilities and revolutionary technology to provide unparalleled service and expertise. Nimble and efficient, we offer customized services to meet the unique needs of our clients and members worldwide.

We deliver highly-specialized, personalized services by leveraging our unique contractual relationship with the WorldCare Consortium® institutions, as well as relationships with other high-quality clinicians and medical institutions globally. We pioneered the multi-disciplinary, multi-institutional second opinion process in 1994 and have come a long way over the past twenty years, while continuing to be the leader in global health care solutions.

With operations worldwide, our services are available through employers, health plans and insurers and cover the full continuum of care. Through our unique relationship with top-ranked hospitals, we are able to provide services ranging from answering basic medical questions, confirming diagnosis, providing treatment plan guidance and much more.
